Care for yourself and others

There are signs of overconsumption.

Symptoms are:

- dizziness, disorientation
- anxiety, paranoia
- racing pulse, hot flush, heavy sweating
- sickness, vomiting
- blue lips, cold fingertips
- deep sleep, hard to wake up

If you or anyone around you has these symptoms:

- stop taking drugs
- drink water
- eat something sugary
- get some fresh air
- don't be alone and don't leave anyone alone!
